

CALL FOR APPLICATIONS:

Dear performers, directors, musicians, actors, choreographers, dancers, puppeteers, poets, thinkers, artists & collectives ... ,

From June 13 - 14, 2025, the UNITHEA theater festival will take place in Frankfurt (Oder) and Słubice. The theme of UNITHEA 2025:

Passion

For its 25th edition, UNITHEA explores the powerful emotion of passion. We ask ourselves, "How much responsibility, dedication, madness and sacrifice does it involve?" The festival wants to provide space for love and rage. Unithea wants passion.

The diversity associated with it is to be met with many facets and variations. In addition to classical forms of theater, other artistic forms such as dance, object and puppet theater, performances, street theater, workshops, readings, installations and the like are also welcome.

The organization and realization of the international festival is carried out by students of the European University Viadrina. Kleist Forum, the largest event venue in the twin city, has already agreed to cooperate.

UNITHEA is looking forward to all who deal artistically with "passion".

A fee will be paid for selected productions and projects. Travel costs will be covered and accommodation and meals will be provided.

Applications can be sent to unithea-programm@europa-uni.de until **06.01.2025**.

The application should give a detailed insight into the artistic project and include concept, visual material (photographs, film, video recordings, etc.) and other relevant information about the project.
